

Friends Publishing Annual Report for 2021

Connecting with Quaker Communities Around the World *Thanks to generous donors the Quaker faith is strong and thriving*

People don't just read *Friends Journal* online and watch QuakerSpeak videos on YouTube; increasingly they are able to connect with other Quaker communities like yours - *thanks to gifts made to support Friends Journal and QuakerSpeak*. Your generosity ensured nearly 20,000 of our website visitors have used our online tools to find a Quaker meeting near them.

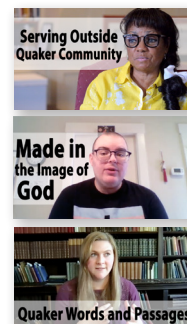

Friends Journal was Possible Because of YOU *Your gifts make adapting to local and global changes a reality*

Friends Journal faced big challenges in 2021. The pandemic restricted our ability to travel, collect, and share the inspiring stories of the Quaker faith. But your generous gift made Quaker outreach a possibility. Many people relied on technology during this time to grow their Quaker faith by reading articles online, listen to news updates in real time, and reach Friends who couldn't access a meeting in person. *Thank you for making a difference!*

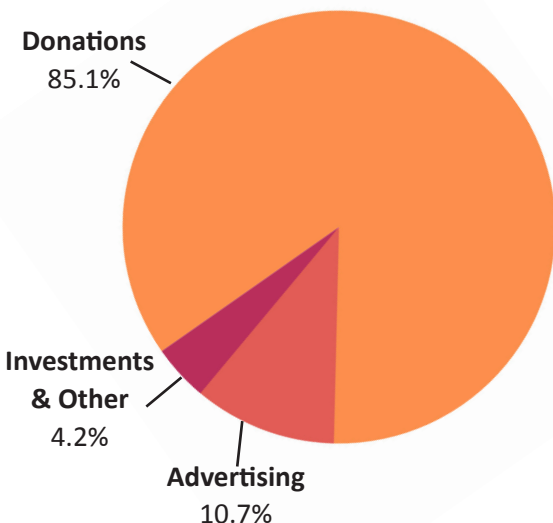

Thanks to You QuakerSpeak Grew! *More people were reached because of your compassionate gift*

Your gift to Friends Publishing made it possible to keep QuakerSpeak's YouTube video content strong and relevant. The channel is thriving and is a huge part of our Quaker community. The three most inspiring and most viewed videos of 2021 featured Jennifer Higgins-Newman, Anthony Kirk, and Debbie Ramsey, which you can view right now on the channel. Because of you, we could create high quality content and maintain the production values our viewers have come to expect from us.

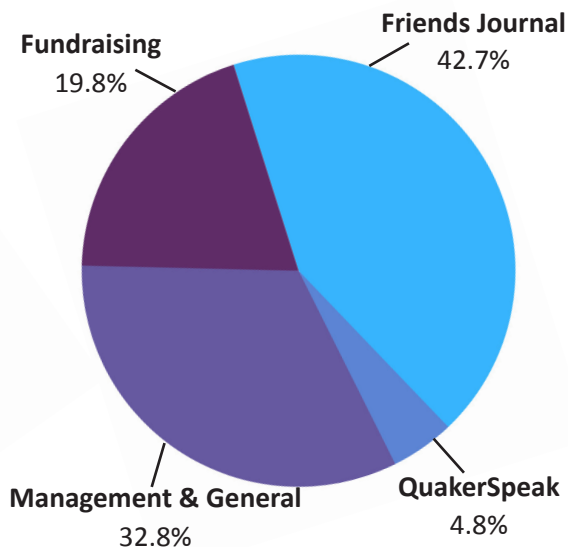

Financial Overview

Revenue Total: \$919,728

Expenses Total: \$979,497
